Set in the scenic Waterberg Mountains lies the small Bushveld town of Modimolle (previously named Nylstroom). The Sotho name Modimolle refers to the mountain, meaning the 'God(s) have eaten.'

This tree-rich area is well known for its hiking trails, big game, outdoor adventure activities and birding. The imposing Kranskop Mountain that rises above the surrounding landscape is a natural beacon on the N1 Highway that runs between Pretoria and Polokwane *en route* to the Kruger National Park.

The bustling town of Modimolle boasts several historic venues and monuments for those who enjoy South Africa's rich heritage. Here, in the heart of the Bushveld, is Modimolle Funky Stay, just four kilometres outside the town on the popular R101.

Modimolle Funky Stay offers no-frills,

affordable overnight accommodation in colourful rooms within A-frame buildings. With its quirky South African ambience, this small hotel in its Bushveld setting is a convenient base for budget-conscious business travellers, families and school or church groups.

Modimolle Funky Stay not only offers trouble-free access to the N1 and Modimolle, but is also close to numerous outdoor and adventure activities in the area. Its location – 12 km from the N1 highway – offers easy access to Pretoria, Polokwane and OR Tambo International Airport. While situated close to the R101 to provide convenient access, a row of tall trees lining the road dampens out traffic noise, so that guests can relax overnight to the sounds of the bush.

The R101 also passes other Limpopo establishments in South of Africa's portfolio. Guests can therefore also choose to visit any of these Waterberg properties including Shangri-La Country Hotel (14km outside Modimolle) and Elephant Springs Hotel (in Bela Bela) for a spot of afternoon tea or an unforgettable meal day or night.

ACCOMMODATION

What distinguishes Modimolle Funky Stay from other overnight accommodation establishments in the area is its ideal Bushveld location in the Waterberg Mountains. Guests are able to stroll among the trees and small 'koppies' (hills) in the bush surrounding the hotel.

Driving up a short gravel road to the hotel, grazing cattle and beautiful trees provide a rural ambience. Modimolle Funky Stay comprises three A-frame buildings that house its 14 rooms. These overlook a tranquil pond set in the Bushveld surrounding the hotel.

The hotel has 14 comfortable bedrooms situated in three A-frame buildings. Decorated in cheerful chic style with rustic screed flooring, colourful South

African furnishings and decor liven up the interiors. Access to the bedrooms are from the side hallway that runs along the rooms leading from the communal unit entry.

Most of the rooms have twin beds that can be pushed together to create double beds. There are also three single rooms. Each room has its own en-suite bathroom with modern shower, washbasin and toilet. Vibrant colours are cheekily displayed in the wall paintings, scatter cushions, ottoman and throws that adorn the furniture.

Modimolle Funky Stay's hotel rooms are all non-smoking. They feature tasteful wooden furniture, a desk as well as ample cupboard space with an open closet that fits into the rustic space of the A-frame architecture.

Additional homely touches enhance the basic features of each room to ensure a comfortable overnight stay. These include a coffee/tea maker and flat screen television with select DSTV channels.

The current offering of 14 rooms at Modimolle Funky Stay forms part of Phase 1. The owners of South of Africa plan to expand the hotel to 20 rooms. The expansion will also include a multi-bed hostel-style facility offering accommodation for larger groups.

CONFERENCES

Situated on the first floor of one of Modimolle Funky Stay's A-frame hotel buildings, the new conference hall offers modern conference equipment and flexible seating arrangements for up to 30 delegates. The venue also has a front view of the hotel's pond that attracts some of the prolific birdlife from the nearby Nylsvley wetlands area.

The hall offers standard conference equipment such as a whiteboard, projector etc. Should you need more advanced conference equipment, we can hire it in for your event.
